

Principal: Hugh W Howe CBE MSc

Spring 2012

Dear Parent/Carer,

We now use our BeauchMail service to send out student reports and progress reviews by email, as well as other vital information to support your child's learning. These emails arrive in your inbox as with all other messages, and parents who have their details registered with BeauchMail receive their children's reports and reviews a day or two earlier than parents who receive paper copies.

Other messages include coursework reminders, exam dates, resources to support learning, links to the newsletter, details of revision classes, news about trips and extra curricular lectures and so on.

If you are unsure whether we have the correct address, you would like to register a second or third address, or are providing your details for the first time, please email in the following information to this address:

beauchmail@beauchamp.org.uk

- Name of your child
- Tutor group
- Child's date of birth
- Your email contact details (these must be parents' email addresses and not students') and your name.

Please note that if you have more than one child attending Beauchamp then we will need the above details for each child.

Alternatively, fill in the details on the reverse of the form and hand into the key stage office.

Please rest assured that we will not share your data with any other parties and will not send you any advertising unrelated to your child's education.

Thank you for supporting us with this initiative,

Yours sincerely,

Hugh W Howe
Principal
