IMPORTANT DATES 2019/20

Want to know what is happening and when?
Please add these dates to your diary.

POST 16 OPEN DAY
26th October 2019, 10am - 2pm
An opportunity for students and parents/carers to meet our teachers, discuss options and see our fantastic facilities.

FUTURES EVENING AT YOUR SCHOOL
Autumn Term
We will visit your school and you can ask us questions about the most appropriate Post 16 options for you.

CONFIRM YOUR POST 16 CHOICES
December/January
Apply to join Beauchamp College. We will need to know the subjects you want to study and get an idea of your hobbies and interests.

APPLICATIONS
31st January 2020
Your application to be submitted by this date. Late applicants cannot be guaranteed a place if we are oversubscribed.

BEAUCHAMP COLLEGE APPOINTMENTS
March/April 2020
If you meet our entry criteria and are offered a place then you will be invited to visit the college. This will include a tour of the facilities, further information about Beauchamp and individual meetings with a staff member to discuss your course choices.

PLACES OFFERED
20th May 2020
Places will be offered to applicants by the 20th May.

ACCEPTANCE
May 2020
If you are offered a place you will need to accept it within two weeks of receiving your letter.

GCSE EXAMINATIONS
May/June 2020

INDUCTION MORNING
June 2020
The opportunity to experience lessons and get to know Beauchamp better.

GCSE RESULTS DAY
20th August 2020
Get your results, come to Beauchamp in the afternoon and enrol formally. Your results will be checked and you will confirm subject choices.

YEAR 12 ASPIRATIONS EVENING
September 2020
We invite new students and parents/carers to hear about the expectations for the upcoming year.
Welcome to Beauchamp College’s Sixth Form prospectus.

Here, we are proud of our comprehensive college and its history of providing opportunities for all students to achieve their full potential.

As our students come from a range of cultural, ethnic, economic, linguistic and faith backgrounds, this has greatly enriched our daily college experience as we learn together and from one another. Inspired by this diversity we believe in pursuing excellence and equity for all. As a result, every year our students prove they can compete successfully in all fields as they move onto university, work and other training opportunities such as apprenticeships.

Our young people live in a complex and ever changing world. They will be offered opportunities and will face new and yet to be defined challenges. To prepare our students for this we encourage them to become confident, resilient, mature, aspirational and active young adults. We nurture a sense of belonging with a caring pastoral structure providing every student with a daily tutorial session in a house system that offers both academic and personal support. We focus on respect for oneself and others and expect all students to play an active part in contributing to the college community.

This prospectus will give you a brief flavour of what we offer but we would encourage you to take the time and opportunity to visit us as you consider joining the college.

We invite you to come and share our passion for learning.

Kath Kelly  
Executive Principal & Lionheart Academies Trust CEO
Welcome to Beauchamp College’s Sixth Form prospectus, designed to give you a taste of sixth form life at Beauchamp and encourage you to make us your choice for Post-16 education. Making a decision about what and where to study after GCSEs can be a daunting prospect. We believe that we offer everything you need to make a success of the next stage of your education. We put as much into your personal progress as your academic attainment, offering support through our dedicated sixth form pastoral team who are there to help whatever your needs may be. Teaching staff are equally supportive and positive working relationships create a great atmosphere in and out of the classroom.

We feel privileged to work at Beauchamp and believe it is a fantastic college that provides our students with a high quality education, continual support and a huge range of other opportunities, which this prospectus reflects. To get a flavour of this we invite all prospective students and their parents/carers for a tour of our college during the college day so that you can get a true view of our daily college routine.

If you need more information about our courses, entry requirements, the application process or just want to get a taste of life at Beauchamp please visit our website: beauchamp.org.uk and click on ‘Prospective Students’ then ‘Post 16’.

We wish you every success with your GCSEs and look forward to welcoming you to Sixth Form at Beauchamp.

Sally Wicken
Associate Principal

Liz Young
Head of Sixth Form
What Could I Study?

Beauchamp College has a large array of A Level (Level 3) courses on offer.

Making an informed decision about which courses to choose is key to your success and requires careful consideration and discussion with teachers and parents. Your choices should reflect your interests, passions and plans for the future; reflect on whether or not these courses will help you to gain entry to the university course or career you are considering. Having a genuine passion and interest for the subjects you choose will be key to sustaining your work ethic and ensuring that you are embracing and enjoying your time in Sixth Form.

- Accountancy
- Biology
- Business
- Chemistry
- Computer Science
- Classical Civilisation
- Economics
- English Language and Literature
- English Literature
- Film Studies
- Fine Art

- Further Mathematics
- Media Studies
- Music
- Philosophy, Ethics & Theology
- Physical Education
- Physics
- Politics
- Product Design 3D
- Psychology
- Sociology
- Spanish
- Theatre Studies

Find the right course for you by visiting: beauchamp.org.uk/prospective-students/post-16/introduction

Please note courses offered may be subject to change. You can find up to date information on our website.
WHAT ABOUT OTHER COURSES?

We also offer a wide range of Applied Learning Courses alongside A Level courses, giving students the experience of learning in different contexts.

Applied Learning is not only about vocational subjects, it is about adding value to all aspects of the curriculum. We offer a wide range of Applied Learning subjects where students experience learning in different contexts such as input from adults with an industry background, skills and experience. These courses connect academic content with the real world and are engaging for students. Through Applied Learning Courses, students develop 21st century employability skills such as communication, teamwork, reliability, strong work ethic and integrity.

LEVEL 3

The Applied Learning Courses on offer at Beauchamp are equivalent to one A Level. Students can study one applied course and two A Levels or two applied courses and one A Level.

- Applied Science
- Art & Design
- Business
- Food Science and Nutrition
- Health & Social Care
- ICT
- Music Technology
- Performing Arts: Theatre Production
- Sport & Physical Activity
ENTRY REQUIREMENTS

Beauchamp’s vision is to support young people to become well rounded and responsible citizens who have a positive role to play in society.

FOR YEAR 12 ENTRY 2019

All students will be expected to resit GCSE Mathematics and/or English Language if they have not achieved at least a grade 4.

LEVEL 3: APPLIED LEARNING

Applied Courses (Vocational):

- Level 3 Vocational Courses are studied in combination with A Levels.
- At least 6 grade 5s (or equivalent) including grade 5 in English Language or Literature
- Students must have a minimum of a good pass grade in the relevant subject (if taken) at level 2.

LEVEL 3: A LEVELS

General entry requirements: 6 grade 5s (or equivalent), including at least grade 5 in English Language or Literature and at least a 5 in your chosen subject if studied at GCSE, unless stated in the table opposite (please see our Admissions Policy on our Admissions page: beauchamp.org.uk/admissions-2 for more details).

* Further Mathematics: students wishing to take Further Mathematics must take three other A Levels, one of which will be A Level Mathematics. Please note courses offered may be subject to change: up to date information will be available on our website.
WHAT ELSE CAN I STUDY?

Extension courses bring contrast to academic studies and provide additional skills that universities and employers are increasingly searching for.

Year 12 students on two year courses also study an extension course. These courses are designed to allow students to develop other interests, experience a new challenge and add some contrast to their academic studies. In a competitive world, we are confident that broadening the curriculum will help provide the breadth of study and skill set that universities, training courses and employers are expecting.

TYPICAL COURSES ON OFFER:

- **Accelerated Computer Science** - This course is great for students who can think logically and enjoy problem solving. Students will explore and investigate the complex workings of computers and delve into coding. Within this course, there is an expectation that you will undertake independent self-study.

- **Core Maths** - Designed for students who do not study A Level Maths, but would like to utilise the transferable skills of reasoning, logic and data handling to complement their other subjects (e.g. sciences, geography, psychology, business, economics, computer science).

- **Extended Project Qualification (EPQ)** - Students will produce a 5000 word academic report or an artefact/performance with a report of 2000-5000 words. There are 3 compulsory components: the project, a presentation and a detailed written log of the process. We are increasingly seeing students receive reduced offers from universities as a result of studying the EPQ.

- **IFS (Certificate In Financial Studies)** - This course will help you make informed decisions regarding your finances. It includes studying financial services and products, borrowing and budgeting. An interest in the economy is essential.

- **Accelerated Sociology** - This covers the study of social structures and institutions, such as the class structure of modern societies, the family, crime and deviance. There is a requirement for self-study.

For more information: [beauchamp.org.uk/prospective-students/post-16/post-16-extension-courses](http://beauchamp.org.uk/prospective-students/post-16/post-16-extension-courses)
STUDY AREAS

We have a range of study areas throughout the college with access to resources for learning.

LIBRARY

The library is a modern well-stocked area for both students and staff. It is extremely busy [and well used] and in exam season can further accommodate students with extended opening hours. Access to the Internet is available through networked PCs. The library provides services such as the loan of books and other non-book materials, for example DVDs and audio visual equipment. There is also a selection of daily newspapers, monthly magazines and subject related periodicals.

Use of the library is wide ranging and reflects its aim to be the central point of information for the college, to provide resources for recreation and enjoyment and to support students and staff in their studies. Library staff members are always on hand to help and they work in close liaison with teaching staff to ensure the resources on offer match the curriculum needs.

beauchamp.org.uk/about-us/services/library

SIXTH FORM STUDY CENTRE

A space dedicated to Sixth Form study. The rooms allow for silent study and offer a great opportunity to work outside of the classroom in a dedicated learning environment.

TECHNOLOGY

You will find all the technology you need available at the college. From Apple Macs for video editing and audio mixing to Windows PCs. Students who bring in phones, laptops, and other devices can log into the student Wi-Fi, available to all students throughout the college.
OUR COLLEGE PHILOSOPHY

At the heart of our approach to education are the ‘4Rs’ which underpin everything we believe: Resilience, Reciprocity, Reflectiveness and Resourcefulness.

Through embodying these core values we believe we can help equip our young people to not only succeed academically, but also holistically.
Resilience
The ability to bounce back when facing challenges

Reciprocity
Learning to work with others showing care and understanding

Reflectiveness
Understanding what needs to be done to make the next steps and planning how to do this

Resourcefulness
Having the confidence to search out answers in new ways and ask for guidance when necessary
STUDENT PROFILES

Read our student experiences of studying and being a part of the Beauchamp community.

BRANDON

I feel encouraged at Beauchamp to push myself and aim higher with my education. I’m currently working on a huge art project, and I get lots of support from teachers who know me well and are always happy to sit down and discuss my ideas with me. Their commitment definitely makes me feel valued as an individual and not just another student, and I feel like that’s really starting to come across in the standard of work I produce.

KAJAL

I’m aiming to study Medicine at university next year, and the support I’ve had with the application process has been great. The process differs slightly from most other courses, but I’ve felt really informed while going through it. The Sixth Form team know how to cater their approach to each student’s specific needs and aspirations – they’ll set you along the right path to achieving your goals.

STEPH

Even though Beauchamp is a big college, your voice is always heard. The teachers encourage us to contribute to what happens in lessons, and having independence within certain projects is really rewarding. I also really enjoy group work – it’s great being able to collaborate on ideas with my friends and produce something that we’ve all worked really hard on. Being able to claim ownership of your work, while also having support if you need it, is a great balance.
WHAT SUPPORT IS AVAILABLE?

Our Student Support Centre is available throughout the day to deal with any queries or problems that students might have, or offer help and advice.

All students will receive daily academic, social and personal support from their tutors and tutor groups. Tutors will also lead students through university, work and apprenticeship applications alongside our careers and UCAS teams.

There is a Student Support Team, located in the Student Support Centre, who deal with all student needs.

There is a dedicated student reception in the Student Support Centre where you can get change, enquire about transport, look for lost property and ask general queries. Here, you can also receive help with smartcard issues, free school meal applications and pay for trips and books etc.

Whatever your question the Student Support Team always help.

LEICESTERSHIRE SIXTH FORM BURSARY SCHEME

The Government introduced a Post 16 Bursary Scheme to enable schools and colleges to provide some financial support where a student’s financial circumstances are a barrier to their learning. Beauchamp College has joined together with other sixth forms in Leicestershire to provide the Leicestershire Sixth Form Bursary Scheme.

More information on the scheme can be accessed via the ‘Prospective Students’ tab on our website.

If, having read the details you feel you are eligible to receive bursary support then you should contact the Student Support Centre to pick up an application form.

ADMISSIONS:  0116 272 9104  ADMISSIONSKS5@BEAUCHAMP.ORG.UK
ADDITIONAL SUPPORT

In addition to the support provided by the Student Support Centre there are three other sources of help.

COUNSELLING

Students are able to receive counselling in college and may self-refer or be referred by a teacher or other member of staff. Counselling can help in many different circumstances, including relationship difficulties, poor self-esteem, bereavement, depression and stress. Further information and referral forms are available from the medical room.

THE CONFIDENTIAL CLINIC

The Confidential Clinic gives students the opportunity to discuss any health or relationship issues with trained staff and health professionals. In addition to this school nurse led clinic, students can visit the medical room to speak to the Health and Well Being Officer.

beauchamp.org.uk/support-wellbeing

HEALTH SUPPORT & WELLBEING

The First Aid Room is open throughout the college day and staffed by fully trained first aiders who will care for and administer first aid, advice on physical and mental health, or arrange for students to go home if they are unwell. The Health and Well-Being Officer is available to support students with any physical, mental or emotional health issues and refer to the visiting school nurse if appropriate.

“THE BALANCE OF SUPPORT I’VE RECEIVED AT BEAUCHAMP AND THE INDEPENDENCE I’VE BEEN ALLOWED HAS ENABLED ME TO GROW INTO THE PERSON I AM TODAY”

Year 12 Beauchamp Student
EXTRA-CURRICULAR

We have a wide choice of extra-curricular activities to offer students.

THE HOUSE SYSTEM

The college is divided into seven houses (Centaur, Drakon, Geryon, Wyvern, Titan, Phoenix and Pegasus) each consisting of 12 tutor groups. Houses participate in a variety of competitions and events (both sporting and non-sport related) to gain house points and win the House Cup at the end of the year. Students play an active role in organising and running house activities and are given the opportunity to represent their house as tutor representatives and house captains.

ACTIVITIES

We have a wide and varied selection of extra-curricular activities. These activities include:

- Café Scientifique
- Charity Events
- College Plays
- Journal of Excellence
- Music Technology
- Student Executive

SPORTS ACTIVITIES & TEAMS

We have a state of the art sports hall and gym which enables students to take part in sporting activities such as badminton and basketball and some more unique ones for example fencing and trampoline.

ETON COLLEGE EXCHANGE

Beauchamp College has a successful partnership with Eton College. Six of our students spend a week at Eton whilst six Etonians experience a week at Beauchamp.

HIGH FLYERS

We think it is important to stretch students as much as possible and therefore our High Flyers’ support is designed for any student who wants to go beyond their subject. This may involve specific talks and lectures in a range of subjects, trips to universities or employers, or other activities designed to challenge.

Our exclusive partnership with the University of Leicester means that we are able to work closely with them; this may mean having access to high quality talks and events, or being able to use some of their state of the art facilities.

SOCIETIES

Societies are student led and cover debating, faith groups and health and well-being. Some examples include:

- Afro-Caribbean
- Acapella
- Debating
- Drama
- East Asian
- Feminist
- French
- Green
- ISOC (Islamic)
- Law
- LGBTQ+
- Medical
“THIS YEAR I AM A HOUSE CAPTAIN. I CAN’T WAIT TO TAKE PART IN THE EXCITING EVENTS AND REPRESENT MY HOUSE”

Year 12 Beauchamp Student
WHAT TRIPS CAN I GO ON?

Over the last two years, Beauchamp has run close to 100 trips. Some of the highlights included trips to France, Tanzania and Los Angeles.

Out-of-classroom learning makes a unique contribution to a students’ education and offers many varied benefits. At Beauchamp College students have many opportunities to access these activities within various departments.

During the Summer of 2018 students and staff travelled to Tanzania to take part in voluntary work with Camps International. In 2020 a similar trip will take place to Costa Rica. Students have also had the opportunity to travel to Los Angeles with Media Studies. A ski trip to Austria is planned for 2020 which will enable many students to demonstrate their resilience, as they master their technique. Many UK residentials have also taken place during the year.

HEAR ABOUT SOME OF OUR STUDENT EXPERIENCES IN TANZANIA

GURPREET

During the Summer of 2018 I spent four weeks in Tanzania with my friends from college and Camps International – it was incredible! We split our time between volunteering and exploring. We climbed Mt. Meru, learnt about the conflict between the Chagga and Massai people, explored conservation parks home to elephants, zebras, giraffes and monkeys, and aided the local community in repairing damaged communal sites. It was an incredibly rewarding month and one that I will never forget! I learnt so much from the locals and feel lucky that I got to share the experience with my friends.

LUCY

In order to participate in the Tanzania trip, I took part in lots of different fundraising events with my peers. These included bake sales, fun runs and sponsored silences. It was all worth it when I got to Tanzania! The combination of volunteering and sightseeing was perfect! My favourite part of the trip was the trek up Mt. Meru. The climate of this area makes it a biodiversity hotspot, home to hundreds of plants and animals. We even learnt how to make plantain stew with the local community, a Tanzanian delicacy. If I could, I would do the whole experience all over again!
STUDENT GOVERNORS

Elected by students in Year 10, 11 and 12, student governors play a prominent role throughout the college and community.

This year we have an all-female team of student governors and ambassadors. Elected by our students they provide a channel for student voice in the college. Regular meetings enable them to actively improve our college through research and proposals for change.

“In order to uphold the strong anti-bullying values at Beauchamp, we will implement an anti-bullying week throughout the college. This week will see an extended form time, for tutors and tutees to discuss the signs of bullying, drop in sessions and extensive signage. We also wish to give KS4 students the opportunity to be supported by a KS5 student. This initiative will continue to build positive relationships between Key Stages. Finally, we wish to provide, additional higher educational activities so that students are well-informed in the pathways they wish to take.

Coming from a variety of backgrounds, we have the knowledge and experience to represent Beauchamp well. We are looking forward to a rewarding and successful year!”

STUDENT GOVERNORS/AMBASSADOR FOR 2019–20:

Indya Madlani – Student Governor
Eliza Niblett – Student Governor
Abby Williams – Student Governor
Karen Brown – Student Ambassador
Lauren Duguid – Student Ambassador
Sa’Fa Roked – Student Ambassador

New Student Governors will be elected for 2020–21.
FREQUENTLY ASKED QUESTIONS

Choosing where to study your A levels can be a daunting process but we strive to make this transition as smooth as possible.

HOW DO I DECIDE WHAT SUBJECTS TO CHOOSE?

Our advice is to ensure that you choose courses that reflect your strengths and interests. This means that you will need to do lots of research on what different courses entail and will demand from you. Speak to your current teachers, careers advisors, parents, friends and family to get different views but always remember that ultimately you are the one that will be doing the course and whose future it will impact on. Think carefully about what is best for you and your future aspirations. Visit our website for full details of each of our courses on beauchamp.org.uk/post-16/courses

WHAT FACILITIES ARE AVAILABLE?

Beauchamp prides itself on the range and quality of its facilities. All staff and students have access to up-to-date purpose-built curriculum areas where they have every opportunity to excel. Want proof?

WHAT FINANCIAL ASSISTANCE CAN YOU OFFER?

The Post 16 Bursary is available to students on free school meals as well as those who are struggling to cover costs associated with attending college including transport, books and college trips. For more information please see the Post 16 section of our website. Local councils may offer assistance if you are studying a course or combination of courses at Beauchamp that is not available at a nearer provider.

WHAT HELP DO I GET WITH APPLYING TO UNIVERSITY?

Our students have been extremely successful in gaining appropriate higher education courses. We start the process during Year 12 and we provide students with all the support and guidance they need to make a successful UCAS application. There’s a higher education evening, extensive help on our website, sessions dedicated to completing the UCAS form and guidance from both your tutor and teachers. beauchamp.org.uk/universities-opportunities

WHAT HAPPENS IN TUTOR TIME?

Tutors are your daily point of contact with staff. They offer any help and support you might need; this could be a personal matter, an academic issue, or a social concern. Whatever it is your tutor will be there to help. Your tutor will do everything they can to build a positive working relationship with you in order to support you and your learning and help you make the next step into university, work, or training.
DO WE HAVE A STUDENT CARD?

Your student card is your ID in college and you must wear it at all times when on site. It is essential for access through the electronic gates and into the main building. It is also used to pay for lunch and snacks from the canteen and to take out equipment and books from the library, as well as photocopying. You will also need it when it comes to sitting your exams.

HOW DO STUDENTS TRAVEL TO BEAUCHAMP?

We encourage staff and students to adopt a healthy lifestyle by walking or cycling to college; however we do have dedicated parking available for students who have passed their driving test. The 31A bus runs from the city centre and will drop you right outside the college.

WHAT EXTRA-CURRICULAR ACTIVITIES ARE AVAILABLE?

We offer a comprehensive range of activities in our enrichment programme. We have a huge range of sporting, cultural, faith, social and academic activities to suit every interest.

I HAVE A PART TIME JOB, HOW MANY HOURS PER-WEEK SHOULD I WORK?

We recognise that some of you work part-time. We recommend you should work for no more than 10 – 12 hours per week. Anything more than that could be detrimental to your studies.

WHAT IS THE DRESS CODE?

Although Beauchamp does not have a college uniform for students in the sixth form, our dress code plays an important role in contributing to the ethos of the college and the wider school. The dress code allows students to express themselves as individuals, but in an appropriate and modest way, suitable for a working environment.

“WE’RE NOT JUST TAUGHT TO BE GOOD STUDENTS HERE AT BEAUCHAMP... WE’RE TAUGHT TO BE GOOD PEOPLE. I THINK THAT’S REALLY SPECIAL”

Year 12 Beauchamp Student
WHAT ABOUT MY FUTURE?

We have various events, great resources and a strong support network in helping students to think beyond Beauchamp.

CAREERS

Beauchamp College benefits from having a Lionheart Academies Trust careers advisor who delivers a one-to-one service and works alongside the Advice, Guidance and Progress team to provide a range of services to aid progression throughout your time at Beauchamp and beyond. These services include assistance with UCAS applications, securing employment and apprenticeships, one to one interviews and help with CVs.

The team also facilitates work experience, careers fairs (internal & external), A Level and Vocational taster sessions and trips to colleges and universities.

Every year Beauchamp College holds a careers fair attended by over 40 higher education institutions, workplaces, public service representatives and the armed services. We also provide talks on apprenticeships, UCAS and careers on a weekly basis.

UCAS

We offer ongoing advice and guidance to our students who are considering the transition to higher education. We supply all the relevant information to students, some of which can be found on our website.

This includes some useful web links to UCAS advice, which helps students to make informed decisions about their choice of Post 16 courses. We also offer personal statement workshops, advice and an annual trip to the UCAS convention.
TRANSPORT

BEAVER BUS

We have a non local authority transport service which covers the north and south of Leicester for those areas that find it challenging to access Beauchamp College.

The areas that this bus service will cover are: Beaumont Leys, Birstall, Blaby, Bushby, Countesthorpe, Evington, Fleckney, Glenfield, Great Glen, Gypsy Road, Hamilton, Houghton on the Hill, Humberstone, Kibworth, Kilby, Knighton, Littlethorpe, London Road, Melton Road, Narborough, Netherhall, Rushey Mead, Scraptoft, South Wigston, Stoughton, Thurmaston, Thornby, Thornby Lodge, Whetstone, Wigston Magna.

CYCLING INTO COLLEGE

We encourage students to cycle into college and have numerous bike stands across our campus where students can store their bikes securely and safely throughout the college day.

PUBLIC BUS SERVICES

The First buses will take students into the city centre; they will then need to get the 31A bus service to Beauchamp College. Alternatively students can also get the 31 bus, however, the closest stop is 5-10 minutes’ walk from college. There is also the X3 Arriva bus from Market Harborough which stops on the A6 which is a 5-10 minute walk from Beauchamp College.

Our aim is to provide a range of educational experiences that are challenging, equitable, enjoyable and are able to break down any barriers so that all can succeed. This involves seeking to create lifelong learners and offer outstanding provision for our 4-19 year olds.

Our educational mission is simple; any young person from any background deserves an equal chance to be successful in whatever they choose to do. The Lionheart Academies Trust is committed to supporting young people to open doors to their futures and to feel confident that they can thrive in a competitive and ever-changing world.

We pledge this commitment through limitless enthusiasm and optimism to provide a platform for each young person’s light to shine brightly. To fulfil our pledge, we commit to the 5 P’s: Pupil Centred, Positivity, Passionate, Professional, Practice. We know that promoting this positive and proactive approach that celebrates success unites school communities and breaks down barriers to learning.

As our journey continues, we believe that it is our moral imperative to continue to work closely with a range of educational providers so that as many young people can benefit from the high educational standards we set ourselves.

For more information, please visit our Trust website at www.lionhearttrust.org.uk
