I've got a good attendance record for school and work, also I am reliable and honest. In my spare time I like to spend it at the skate park riding my scooter but when I am not there I like to be with my friends and family. I go to school Monday to Friday and then from school I go straight to work.

Work Experience

Please write about any work experience you have done, any part-time jobs you have or have had and any volunteering you have undertaken.

☐ I have not had the opportunity to undertake any form of work experience.

Work experience lasted two weeks and I worked at two places. The first week I went to Park Animal Centre and was there for a week. I cleaned out the enclosures and fed the animals. The second week I worked at Pets At Home and stacked shelves, fed the animals and cleaned out the enclosures. I really enjoyed the first week because the people helping me were really helpful and kind to me. The second week was not as good as the people helping were not very helpful.

Course Summary

Year 1 Chemistry A level provides a rigorous foundation in basic chemistry principles that you will have developed at GCSE. In your first year you will further study atoms, bonding structures and the periodic table. In the final term you will look at energy and everyday issues especially those related to the environment. Wherever possible we will use modern developments and the application of chemistry to provide relevance. Year 2 In your second year you will continue to develop your knowledge of chemistry by studying areas such as polymers, chemical analysis, transition metals and redox chemistry. A wide range of teaching activities are included to develop more
